#### Discover Sailing

Have you ever dreamed of being behind the wheel of a graceful sailboat? There is no time like the present to make this dream come true.

Allow Capt. Dee an experienced, USCG captain teach you the basics of sailing. Feel the thrill of hoisting the main, tacking, pulling in the sheets, and have the wind fill the sails as you cut through the waves.

Let your heart do a little flip flop as the boat "heals" for the first time. Feel the wind on your face and the sun warming your back as you guide "ZULU" a 36 foot Albin Stratus sloop through the crystal clear waters of coastal St. Croix.

Let Capt. Dee teach you some nautical terms and how to tie real sailors' knots.

Come - make your dream a reality!
