

## Sailing St. Croix, US Virgin Islands : what are customers say

### WHAT OUR BILINDA CHARTER CUSTOMERS HAVE TO SAY!

We were looking for a sailing charter service that would take us away from the crowds and give us our own personal attention.

Captain Dee exceeded our expectations, not to mention the tasty rum punches and the excellent hors d'oeuvres.

The relaxed atmosphere she creates made us feel like we've known her forever.

Sailing with Dee was truly a pleasure.

A wonderful experience that we will never forget!

Capt. Dee,

What a beautiful and memorable sail we had the day before we were married! We had gorgeous weather and the perfect amount of wind. Dee even let us steer! As we watched the sunset, drank rum punch and stuffed ourselves with strawberries and brie. Lots of great conversation and laughs! Dee even put the baby to sleep. Thank you for an evening we won't forget in Paradise.

Today was the definitive experience of our visit to St. Croix. Anyone coming should be alerted to Capt. Dee's incredible excursions. We had been to Buck Island but today we saw an incredibly alive reef with more fish, starfish than we saw the other day. As a sailor I really appreciated the opportunity to take the helm and sail these beautiful waters with a knowledgeable skipper. If there is one experience that should not be missed it's a day with Capt. Dee

Thank you for an unforgettable day!

On the ocean with a party of three  
She asked me to sail  
I said "What the Hell"  
Barely made it back to Green Cay

Captain Dee,

You made my trip to St. Croix. After working all week this was the antidote. When we get down to Bonaire full time, you must come for a visit. Fair winds!

Capt. Dee,

Thank you so much for a wonderful day on your boat. The adventure, the food and the special birthday cake was lovely. We appreciated your candor, honesty and sense of humor. We look forward to getting to know you better when we move down in 2.5 years.
